Betalingsanvisning / Terms of payment

Dansk Producentansvar, 2022

Venligst vær opmærksom på, at der er 3 forskellige betalingsanvisninger, alt efter om du er en:

- Individuel producent
- Kollektiv Ordning
- Bemyndig repræsentant

Please be aware that there are three different types of terms of payments, all depending on which of the following you are:

- an Individual Complier
- a Collective Scheme
- an Authorised representative

Indehold / table of contents:

Betalingsanvisning for individuelle producent	3
Terms of payment for individual compliers	4
Betalingsanvisning for en Kollektiv ordning	5
Terms of payment for collective schemes	6
Betalingsanvisning for en bemyndig repræsentant	7
Terms of payment for an authorised representative	8

Betalingsanvisning for individuelle producent

Dansk Producentansvar administrer det lovpligtige Producentansvarsregistret i Danmark for producenter/importører omfattet af producentansvar for elektrisk og elektronisk udstyr (WEEE), batterier og akkumulatorer (BAT) og udtjente biler (ELV).

Baggrund

Dansk Producentansvar har, som beskrevet ovenfor, lovmæssig pligt til at administrere producentansvaret i Danmark. Grundlaget og rammerne for producentansvaret er hjemlet i lov¹. Da I som producent ikke er tilknyttet en kollektiv ordnings service omkring samfakturering, betragtes jeres status som individuel producent med pligt til at betale de af Dansk Producentansvar opkrævede gebyrer.

Konsekvens ved manglende betaling af gebyr

Såfremt betaling af det opkrævet gebyr ikke sker rettidigt, udløses nedenstående punkter:

Dansk Producentansvar vil uden yderligere varsel slette virksomheden i producentansvars registret, og I kan herefter ikke lovligt markedsføre jeres produkter i Danmark jf. elektronikaffaldsbekendtgørelsen § 10, stk. 3, nr. 1, og jf. batteribekendtgørelsen § 9.

I vil herefter modtage en afgørelse om at I er slettet af registret, og der skal I søge på ny for at opnå genoptagelse i registret.

DPA kan kontaktes på info@producentansvar.dk eller telefon: +45 3915 5161

Terms of payment for individual compliers

Dansk Producentansvar is administering the statutory producer responsibility register in Denmark for producers/importers subject to producer responsibility for electrical and electronic equipment (WEEE), batteries and accumulators (BAT) and end-of-life vehicles (ELV).

Background

As mentioned above Dansk Producentansvar has the statutory duty to administer the producer responsibility in Denmark. The basis and framework for the producer responsibility has authority in various legislation². Since you are not affiliated to a collective scheme's services relating to collective invoicing your status is considered as an individual complier with a duty to pay the fees levied by DPA-System.

Consequence of non-payment of fee

In case of non-payment of the levied fees in due time the following is triggered:

Without further notice Dansk Producentansvar will delete the company in the producer responsibility register, after which you cannot legally place your products on the market in Denmark cf. section 10(3)-1 of the WEEE Order and section 9 of the Battery Order.

You will then receive our decision that you have been deleted from the register after which you must apply again for inclusion in the register.

DPA can be reached on info@producentansvar.dk or phone no. +45 3915 5161

Betalingsanvisning for en Kollektiv ordning

Dansk Producentansvar administrerer det lovpligtige Producentansvarsregistret i Danmark for producenter/importører omfattet af producentansvar for elektrisk og elektronisk udstyr (WEEE), batterier og akkumulatorer (BAT) og udtjente biler (ELV).

Baggrund

Dansk Producentansvar har, som beskrevet ovenfor, lovmæssig pligt til at administrerer producentansvaret i Danmark. Grundlaget og rammerne for producentansvaret er hjemlet i lov³. Lovgivningen rummer muligheden for, at I som kollektiv ordning kan servicere producenterne i dennes pligt for at overholde producentansvaret. En af mulighederne for servicering, er at den kollektive ordning kan stå som betalingsadministrator i form af en samfakturering i forhold til producentens betaling af de lovpligtige gebyrer til Dansk Producentansvar.

Formål

Formålet med samfakturering, der er en individuel aftale mellem den kollektive ordning og producenten, er for at forenkle betalingsforpligtelsen for producenten. Såfremt samfakturering ikke bliver overholdt udløses følgende punkter i fortløbende rækkefølge:

Dansk Producentansvar opfordrer til, at I som kollektiv ordning overfører det fulde beløb for hele den fremsendte samfaktura, og eventuelle kreditnota eller yderligere fakturering ordnes efterfølgende mellem jer og Dansk Producentansvar.

Såfremt betaling herefter ikke sker, vil producenter blive betragtet som værende individuel med selvstændigt ansvar for at betale det opkrævet gebyr. Producenterne vil herefter blive kontaktet af Dansk Producentansvar, og uden varsling herom til jer som kollektiv ordning.

DPA kan kontaktes på info@producentansvar.dk eller telefon: +45 3915 5161

Terms of payment for collective schemes

Dansk Producentansvar is administering the statutory producer responsibility register in Denmark for producers/importers subject to producer responsibility for electrical and electronic equipment (WEEE), batteries and accumulators (BAT, and end-of-life vehicles (ELV).

Background

As mentioned above Dansk Producentansvar has the statutory duty to administer the producer responsibility in Denmark. The basis and framework for the producer responsibility has authority in various legislation⁴. This legislation opens the opportunity for you as a collective scheme to service producers in relation to their duties under the producer responsibility scheme. One of the options for this service is that the collective scheme acts as the payment administrator in the form of a collective invoicing of the producers' payment of statutory fees to Dansk Producentansvar.

Purpose

The purpose of collective invoicing, which is an individual agreement between the collective scheme and the producer, is to simplify the payment obligation for the producer. If collective invoicing is not complied with, the following points will be triggered in order of priority:

Dansk Producentansvar will invite you in your capacity of a collective scheme to transfer the full amount for the entire collective invoice, and any credit notes or further invoicing will be done subsequently between you and Dansk Producentansvar.

In case of continued non-payment the producer will be considered as an individual complier with an individual responsibility for paying the levied fee. The producer will then be contacted by Dansk Producentansvar without further notice to your collective scheme.

DPA can be reached on info@producentansvar.dk or phone no. +45 3915 5161

Betalingsanvisning for en bemyndiget repræsentant

Dansk Producentansvar administrerer det lovpligtige Producentansvarsregistret i Danmark for producenter/importører omfattet af producentansvar for elektrisk og elektronisk udstyr (WEEE), batterier og akkumulatorer (BAT) og udtjente biler (ELV).

Baggrund

Dansk Producentansvar har, som beskrevet ovenfor, lovmæssig pligt til at administrere producentansvaret i Danmark. Grundlaget og rammerne for producentansvaret er hjemlet i lov⁵. Lovgivningen hjemler, at I som bemyndiget repræsentant overtager det fulde producentansvar, og heraf også pligten til at betale de af Dansk Producentansvar opkrævede gebyrer.

Konsekvens ved manglende betaling af gebyr

Såfremt betaling af det opkrævede gebyr ikke sker rettidigt udløses nedenstående punkter:

Dansk Producentansvar vil uden yderligere varsel slette relationen mellem producenten og jer som bemyndiget repræsentant, da I som bemyndiget repræsentant ikke overholder jeres forpligtelse i forhold til producentansvaret jf. elektronikaffaldsbekendtgørelsen § 58, stk. 2 jf. § 7, stk. 7. Producenterne vil herefter blive individuelt opkrævet gebyret af Dansk Producentansvar, samt blive informeret om sit ansvar for at etablere samarbejde hurtigst muligt med en anden bemyndiget repræsentant.

DPA kan kontaktes på info@producentansvar.dk eller telefon: +45 3915 5161

Terms of payment for an authorised representative

Dansk Producentansvar is administering the statutory producer responsibility register in Denmark for producers/importers subject to producer responsibility for electrical and electronic equipment (WEEE), batteries and accumulators (BAT) and end-of-life vehicles (ELV).

Background

As mentioned above Dansk Producentansvar has the statutory duty to administer the producer responsibility in Denmark. The basis and framework for the producer responsibility has authority in various legislation⁶. According to this legislation you in your capacity of an authorised representative take over the full producer responsibility, including also the duty to pay the fees levied by Dansk Producentansvar.

Consequence of non-payment of fee

In case of non-payment of the levied fees in due time the following is triggered:

Without further notice Dansk Producentansvar will delete the relation between the producer and you as the authorised representative, as you in your capacity of the authorised representative do not comply with your commitments in relation to the producer responsibility cf. section 58(2), cf. section 7(7) of the WEEE Order. Subsequently fees will be levied by Dansk Producentansvar individually from the producer who will be informed about his responsibility for establishing without delay a cooperation with another authorised representative.

DPA can be reached on info@producentansvar.dk or phone no. +45 3915 5161

Yours faithfully

Dansk Producentansvar
